Yearling Angus Bulls

welcome

from KT

Hello and welcome to our 2026 Sale. Our team is working extremely hard on everything from putting up feed, irrigation projects to cleaning pens, calving and getting ready for the bull sale. Geoff and Lacey Anderson had a successful year showing our animals and have them looking amazing. Any success we have is credited to everyone who shows up every day and does what it takes to get the job done.

It is a radically different time for the cattle business with record pricing and optimism. This makes it more important to search for elite cattle and cull harder. My goal was to accelerate the program by seeking out the best genetics and use embryos to advance the program. Geoff, with the help of Scott Bohrsen and his team are continually looking out for the best genetics. We were fortunate to work with Dr. Walker and Abbotsford Vet, expanding their IVF program and offering their IVF services on farm. Approximately 700 embryos from our donors in 2024 have resulted in the bulls offered in this catalogue. Rod MacLeod named our donor pasture; it is "the Field of Dreams."

The bulls on offer all have excellent feet and are structurally sound. We have both yearling and extra aged bulls. We cull hard and any animal that does not measure up will not sell. All bulls are examined by a Veterinarian for soundness and will have passed a semen test. If your bull arrives and you are unhappy, we will replace it; or find an acceptable solution for you. Please browse through the catalogue for information on our discounts for buying volume.

I want to thank our repeat customers and particularly thank the people that have toured and attended our sales. We feel optimistic about the industry and I want to thank you for your consideration.

Kevin & Tracey Carson

Kevin & Tracey Carson

*Geoff, Lacey, Seager,
Swayze & Stiles Angerson*

It is with great honour for all of us at KT Ranches to welcome you to our annual bull sale at the ranch in Cherryville, BC. We want to first thank all the past and future customers and thank each and every one of you for taking the time to read through this catalogue, and for your interest in the program.

2026 will mark the biggest, most exciting and consistent group of bulls ever offered by KT Ranches. This group of calves have had us excited since day one and continue to get more exciting every day. If you're in the market for Angus calving ease or power bulls, red or black Simmental or a mix of both with the Sim-Angus bulls, there are yearling and fall extra age bulls on offer to cover many different demands. Our goal remains consistent year after year, we strive to make bulls better than the year before and produce the best and most consistent cattle possible. We are striving to become the go to source for commercial cattlemen to acquire breed leading genetics that make their lives easier, more profitable and more enjoyable.

We are in an unprecedented era in the cattle industry, and its a great time to own cattle again. Whether you're looking to boost weaning weights, add uniformity to your steers, or find the right bull for your breeding program, we know bull selection is crucial for future success. We are committed to helping you achieve your goals, and we take your success seriously.

As you read through the pages of the sale catalogue, I hope you can feel our excitement and love for these cattle. These bulls represent the best genetics and matings we have to offer. On the Angus side, we have the largest selection of Coleman Mendoza 271 sons anywhere in the world and they are an exciting set. We have incorporated some of our favourite bulls raised here into the program, and the first sons by North America, Rayburn, Gravity, Free & Easy and Jack Smash all sell. Bulls by Coleman Glacier, Rust Forged of Fire, UDE New Heights, Montana Judgement, along with a deep set from Emerald, Honey Jack, Sparrow and more. On the Simmental side, we're thrilled to offer a big group of LFE Cabaret sons, the very first sons of Blackgold Tangleflags, as well as the impressive Walk The Line, Caliber, Right Time, and Shamrock bulls. Whether you're in the market for red, black, or blaze you'll find an exceptional selection here.

The bulls on offer are a sound, functional group backed by an incredible cow herd. We try to eliminate every possibly problem with these cattle, but we all know these are cattle and problems do arise, and we will do our very best to fix the problem. We have a great warranty program outlined in the catalogue, we want to help protect your investment and instill your confidence in buying at KT Ranches.

We are very excited about our program going forward, and the bulls on offer today. We have some great customer service programs outlined in the next few pages please take advantage to what suits your needs.

A big thank you to Kevin and Tracey Carson for the opportunity to work with this great set of cows. Thank you to all our crew both full and part time, there is a lot of work to get done every day and we couldn't do it without the great crew we have.

Thank you again for your interest in the bulls and out program. We would like to invite everyone to the ranch on sale day or any other day. If you have any questions or need any additional information, please give me a call. We look forward to talking to you and seeing you on sale day.

Geoff Anderson

from BMS

We are excited to invite you to the KT Ranches Annual Bull Sale on March 18th at the ranch near beautiful Cherryville!

Over the years, KT Ranches has propelled their operation into one of the premier destinations in the beef industry for sourcing elite Angus and Simmental genetics. Their commitment to excellence is evident in every aspect of their program. By investing heavily in some of the most beautiful and proven cow families in North America, they have developed a cowherd that is nothing short of breathtaking. These elite females have been strategically mated to some of the most sought-after walking herd sires in the business and bred to the very best AI sires available. The result is a powerful set of 170+ beef bulls that combine performance, phenotype, structural integrity, and productive genetics that flat out work in the real world.

Each year, KT Ranches supplies bulls to some of the most progressive commercial and purebred operations across the country. Their cattle consistently deliver value and reliability, backed by generations of disciplined breeding and a no-compromise approach to quality. Simply put, the cattle are as good as you will find anywhere and the people behind them are among the very best to work with.

Be sure to reach out to Kevin or Geoff to discuss this impressive offering and make plans to join us on March 18th for an exciting and powerful set of bulls. If you have any questions or would like a free consultation, don't hesitate to contact our team at BMS. We would be happy to assist you and offer our discreet order buying service.

We look forward to seeing you at KT Ranches!

KT RANCHES COMMITMENT TO CUSTOMERS

We guarantee we will sell you a bull that is structurally sound, that has been examined and passed a semen test by a Licensed Veterinarian.

Should any of our bulls fail to be a satisfactory breeder, unable to physically service a cow or a heifer, we will replace the bull with a bull of equal value. In the event this is not possible an adjustment will be made to reflect the value of the bull in question or a credit will be given towards the purchase of another bull. We will not provide replacements for physically injured or mismanaged animals. We will offer a breeding season warranty for the bulls through KT Ranches or you may purchase insurance from a third party provider.

Our warranty program is transparent. If under the program if your bull is not able to breed due to sickness, injury, or death we will provide you with another bull or in the alternative a credit to next years sale. The warranty does not include freezing of semen. Should you have any problem with you bull under warranty contact us directly; we will require your veterinarian to complete a report including a post-mortem and email the report to KT Ranches. We will make sure your cows are serviced and you are satisfied with your purchase.

Our warranty is designed to provide you protection during the high risk time of the breeding season. Under this program we will provide warranty for six months. The cost of the warranty is 7.0% of the purchase price. This covers the entire purchase price less any salvage value recovered. KT Ranches liability is as set out herein and we will not be responsible for anything other than up to the purchase price of the bull. Warranty will not apply to any negligent, willful, or malicious behaviour of which any claim would be considered fraudulent.

If you leave your bull with KT Ranches you must either purchase the warranty or insure the animal with a third party. We plan on delivering the bulls ASAP after the sale. Any bulls picked up and paid for sale day will receive a \$200 credit.

RIGHT TO SEMEN

KT Ranches reserve 1/3 semen interest in all bulls and the right to collect semen on any bull sold through this sale. The semen collection will be at the sellers expense and the buyers convenience. Any semen collected will be collected for in herd use only.

REGISTRATION & TRANSFER

A registration certificate of the animal will be duly transferred to the purchaser for any registered animals.

LIABILITY

The owners, their employees, sale staff and representatives accept no liability for accidents that may occur. Persons who view the bulls prior to the sale time on our ranch, do so at their own risk.

KT Deep End 5063 is one of the most exciting individuals ever born at KT Ranches. We had high expectations for the first group of Coleman Mendoza 271 sons, and they have lived up to every expectation. Mendoza was our pick of the Coleman bull sale in part because of his incredible phenotype, and a big part because of his dam Coleman Donna 5247, one of our favourite cows at Coleman's. Deep End is stacked with great cows on both sides of his pedigree. KT Countess 3342 was the lead off and co-high selling female in the 2024 fall sale and has turned into a beautiful Angus female, who has hit the ground running. We showed two full sisters to Deep End with KT Countess 5135, being reserve senior heifer calf champion at Canadian Western Agribition. KT Countess 5106 was a class winner at Agribition, and one of the highlights of the Angus Collection to Park view and Shologan. KT Deep End 5063 is a high-performing bull that does a lot of things right. Big bodied, huge hip, awesome top, hair, and back leg as well as true Angus character. A bull we have high hopes for and a definite sale highlight.

FULL SISTER KT 5106N

YEARLINGS BULLS

Angus

An excellent pair of flush brothers by Mendoza and SAV Blackcap May 1604. 1604 has been a pillar of consistency since joining the KT donor program she has 29 registered calves with Canadian Angus, including a few of the highlight flushes in the 2024 bull sale, a pair of Angus collection high selling females, but maybe none more impressive than this pair of Mendoza sons. We go back-and-forth on some of the favourite bulls in the pen, and these two always are in the mix, stout, hairy, big bodied bulls with a lot of horsepower in a pedigree lined with big-time cows.

Angus

Brooking Countess 7077, is one of the most impressive Angus females we have laid eyes on. She is so powerful, long big bodied, yet still extremely pretty and has an awesome udder. She's the matron of the cow of the Countess family, and some of the most popular cattle in the breed trace back to Countess 7077. A powerful foursome of flush brothers that will add stature, hair, length, performance and consistency while leaving a big-time set of daughters.

YEARLINGS BULLS

Angus

One of the biggest and best flushes of the year this year is this Mendoza x Covey Hill Zimmie 8K combo. 8K is a beautiful Renovation female that came from Covey Hill and is always a favourite among visitors at the ranch. She is as deep as she is wide, wedge shaped, awesome headed, and it would be tough to draw a much better udder on an Angus female. A flush mate to these bulls was the selection of Greenwood Cattle out of this past Angus collection sale, and one we feel will make an awesome cow. A quadrant of powerhouse brothers, with extra power, length, frame, and muscle to go along with the maternal stability that is bred into them.

JACE JACOBSON

A dynamic duo of flush brothers by Mendoza and Coleman Dixie Erica 7120, 7120 would be arguably one of the prettiest, most elegant Angus females at the ranch. Perfect in her lines, awesome uddered, long spined and big bodied. She's in an exclusive club of cows that can be as elegant as she is and still put the amount of power she does into her offspring. One of the real popular trio of flush brothers in last year's sale were Executive x 7120's. They were selected by Hummock Springs, BlackRidge and Ferme LaBlond. A powerful pair of flush brothers with a deep lineup of maternal backing.

KT North America 3229 was one of our favourite bulls to sell them in the 2024 bull sale and went to Stepler Farms in Manitoba. Congrats to them on an awesome bull sale, with many good-looking North America sons. KT Landscape 5269 is a unique dude, and one that gets your attention every time you're through the pen. His dam is a moderate framed, big bodied, good uddered, good looking Bravo female. This is a bull that's been a standout from a young age and is one I love looking at. He is huge bodied, stout, long, heavy to go along with extra look, an ideal back leg and a true Angus character. One that's worth the trip to Cherryville.

CUSTOMER TESTIMONIAL...

Dave and Julie Allingham: "I have been buying bulls from KT Ranches every year since their beginning. My first bull came from their sale in Alberta and I was the only BC buyer at the time. Our cow herd has improved great since the KT bulls were introduced. The bulls are quiet and the calves are sparky and uniform. I hope to buy another bull this spring. It's been easy calving since breeding with their bulls and my herd have never looked so uniform."

An incredible pair of flush mate brothers by Montana Judgement and Coleman Donna 720. Donna 720 is at the top of the list when it comes to high-end, cherished, donor females, and is a favourite of many visitors at the ranch. She's a full sister to Coleman Glacier, she's a dam of KT Free and Easy 3054, and she just recently had one of the highlight bulls at the Blair sale, and is the dam to KT Donna 3080, and exciting young Emerald daughter that we flushed last spring. Montana Judgement 1038 is one of the really good bulls to come out of the Montana Ranch program and has left his mark putting a good stamp on his offspring. These two flush Brothers are the right kind. Moderate in frame, but huge bodied, stout, deep ribbed, good footed, nice fronted and good headed. A pair of maternally charged bulls that pack a punch.

KT Jack Smash 3284 was another one of the favourite bulls of the 2023 calf crop, and was the high selling bull of the 2024 bull sale. His dam KT Chloe 1021 is a big part of the donor program and has been a big contributor to the last few sales. On my absolute favourite two-year-old female to calve out was a Glacier out of 1021. Blairswest Integrity was a bull that did a lot of things right, he made them big bodied, moderate, good looking, and functional. KT Prime Lady 3407 is all those things with a beautiful letter. KT Classic 5031 is a high-end calving ease bull. Low birth, big ribbed, stout made with the ability to perform. A classic Angus look.

KT Broadway 5110 will be one of the highlights of the 2026 sale season. A pedigree that needs no introduction this Cabaret X Sammie combo worked in a big way. Cabaret has continued to be one of the most consistent Simmental bulls we have ever used. HLTS Sammie 422B has been a pillar of production and we couldn't be more excited to have added her to our donor lineup and looking forward to having a bunch more Sammie sons to sell. Broadway 5110 has incredible depth of body, awesome back leg and hip structure, loads of muscle and top. Huge scrotal, all combined into a good-looking package. Elite pedigree, elite phenotype, elite bull.

KT Cabaret 5110 is one of the most unique and eye appealing bulls in the offering. His dam Black Gold Hayleigh is a former high selling female out of the Evolution sale and has developed into a big-time producer. She puts a stamp on all her progeny with extra look, hair and dimension. The mating of 220K and Cabaret has been a consistent mating with full brothers selling last year to Sunny Valley and CCR Feeders. Cabaret 5110 is a bull that combines power, hair, eye appeal without sacrificing any maternal punch. A bull that will be easy to find sale day and even easier to love when he goes to work.

An eye appealing Caliber son from the Sazerac cow family. His dam is a good uddered, tanky Captain Scream daughter. This one will make females that last a lifetime.

KT RANCHES BULL SALE

87

147

WHL Countess 1764 is a model Sim-Angus cow that we wish we had 100 of. She's elegant, perfect uddered, stout, deep ribbed and has been a big-time producer. We sold 11 sons out of her last year to leading cattlemen across Western Canada, including KT Disco 4065 to LaBatte Simmentals and KT Dimes 4403 to Erixon Simmentals as two of the high selling bulls of the day. KT Caliber 5655 is her natural calf and has all the potential like his older brothers. He is huge hiped, deep ribbed, big bodied and good looking. A bull that will make big time feeder cattle and leave a wicked set of daughters.

One of the most intriguing bulls of the day is the WTW x Sage combo. Sage has been the most prolific donor in Simmental history and keeps producing great ones, we are very proud she now calls KT Ranches home. WTW 5365 is explosive in his muscle pattern, is huge topped, has ton of center body and rib and ties it into a good-looking package. A high performing bull backed by one of the best cows in the business.

DAM WFL RED SAGE 506C

YEARLINGS BULLS

Every once in a while you come across an animal that the first time you lay eyes on them you get a gut feeling and know that this one is special. For me, the first time I seen Tangleflags at Farm Fair in Edmonton he was one of those. Tangleflags is an incredible beast, that you love more every time you see him, and could be in the BC travel guide as one of Cherryville's more popular tourist attractions. RF Scream 215Z is certainly a female that has stood the test of time and stayed relevant for 13 years until her passing last fall. She has 53 registered progeny with the Canadian Simmental, and maybe none more impressive than this trio of flush brothers by Tangle. These are stout made, tanky, hairy, big bodied, goodlooking band of brothers.
